K–12 Virtual Instruction Provider

One Partner for All Your K–12 Virtual Instruction Needs
Flexible Virtual Instruction for K–12 Students

Experienced teachers, virtual classrooms, real learning.
We’ve got you covered.

Virtual instruction provides the flexibility to better meet student needs from kindergarten to high school and to solve many common school- and district-wide problems. Whether you’re dealing with budget limitations, a lack of qualified staff, or a gap in course offerings, a customized implementation of Edgenuity® Instructional Services creates new opportunities for students, schools, and districts.

OFFERING MORE COURSES, 6–12

Edgenuity Instructional Services makes it easy for districts and schools to offer new and additional courses taught by our highly qualified virtual instructors or your own district teachers. All of Edgenuity's 300+ online courses are standards-aligned, and can be customized to meet your specific needs.

ADDRESSING TEACHER SHORTAGE, 6–12

Edgenuity's highly qualified virtual instructors can help with both short- and long-term teacher shortage. Our experienced virtual instructors are state-certified, and regularly communicate with students to instruct, mentor, and motivate them to be successful.

CREATING SUMMER LEARNING OPPORTUNITIES, 6–12

Provide more learning opportunities and prevent learning loss with summer school. With Edgenuity, you can staff your program using your district teachers, or run a fully online summer program with our virtual instructors to keep operating costs down.

HELPING STUDENTS WITH SPECIAL EDUCATIONAL NEEDS, K–12

Edgenuity’s courses use explicit instruction and learning tools to support students’ unique needs. Our Special Education Coordinators have experience understanding the needs of students with IEPs and other plans, and provide additional academic support.

EDUCATING STUDENT ATHLETES, 9–12

The Instructional Services secondary curriculum and instructional model have been approved for online instruction by the NCAA® to give student athletes a rigorous college-preparatory learning experience.
Establishing a Virtual School or Program, K–12

Operating your own virtual school or program can help you meet the needs of more students throughout your school or district while also enabling you to maintain per pupil funding. With your own virtual school or program, you can:

**SERVE HOMEBOUND AND HOMESCHOoled STUDENTS**

Instructional Services courses can be used anywhere students have a device and Internet access, enabling you to maintain enrollments of homebound and homeschooled students.

**REENGAGE AT-RISt STUDENTS**

Offer at-risk students self-paced learning, more flexibility, and engaging content to help them take ownership over their education, and get back on track to graduate.

**OFFER ALTERNATIVE EDUCATION OPTIONS**

Help adult learners earn their diplomas, students on disciplinary breaks keep up with their coursework, and students in secure environments continue their education.

As our partner, you’ll have access to:

- Over 300 standards-aligned online K–12 courses including ELA, math, science, social studies, and more, as well as world languages, CTE, AP®, dual credit, and concept and credit recovery courses for students in middle and high school
- State-certified virtual instructors who can act as the teacher of record so you always have highly qualified teachers to teach your courses and communicate regularly with students
- A full suite of learning scaffolds, including read-aloud and translation tools
- Real-time data and reports so you can track student progress and performance
- Multiple layers of support, including options for on-demand tutoring, coaches for on-site mentors, a Special Education Coordinator, and customer support seven days a week
The Edgenuity Difference

Data, Transparency, Accountability, Flexibility, and Support

When students complete their learning online, it’s important for educators and parents to know that they’re receiving the high-quality education and support they need to learn, grow, and prepare for their futures.

Edgenuity Instructional Services offers an engaging, content-rich curriculum that can be customized to meet the unique needs of your students. Our state-certified virtual instructors focus on building relationships with students to provide the personalized instruction and attention they need to excel. Real-time data and reporting are available for both virtual instructors and district educators to review student growth and progress, as well as enrollment data and program health. Rolling enrollment is available, enabling students to start working in their courses at any point in the term anywhere they have a device and reliable Internet access.

When you partner with Instructional Services, your students get a seamless and easy-to-navigate virtual learning experience, and you get all the support you need to ensure your implementation is a success.

Multiple Layers of Support

VIRTUAL INSTRUCTOR
Serves as the state-certified, highly qualified teacher for a group of students, and uses real-time data to inform frequent communications with students, parents, and facilitators, thus ensuring appropriate individualized instruction for differentiated learning styles.

ON-SITE MENTOR
Supervises and monitors students while also hosting regular “big idea” web sessions and serving as escalation manager when students, parents, and facilitators have questions or concerns.

SUCCESS COACH
Offers on-site mentors support, basic training, and strategies for student success and academic achievement. Success coaches also collaborate with on-site mentors to devise engagement plans for groups of students who may be struggling.

SPECIAL EDUCATION COORDINATOR
Provides an additional layer of support to teachers and schools offering online courses to students who have an IEP or 504 plan, or are homebound. Our Special Education Coordinators also provide academic support to these students.

CURRICULUM
Presents engaging, state standards-aligned content that can be customized to meet the unique needs of a diverse student population. It is delivered through a combination of teacher-led videos, interactive media, and text to promote a varied approach to learning that addresses multiple learning modalities.

CONCEPT COACH
Delivers real-time, on-demand, one-on-one tutoring in secondary core subject areas. Concept coaches are available six days a week any time students need help.
